

*understand*

all i'm looking for  
is someone who  
doesn't think  
i'm completely  
insane

someone who  
takes me the least  
bit serious

someone  
to leave me alone  
when i'm writing  
and love me  
when i'm  
not

someone  
to ignore  
the statistics  
like i must

someone  
to feel proud  
when they  
crawl into  
my bed

for there  
is nothing sexier  
than a woman who  
understands.
